ELECTING CHANGE ▶

Using the campaign slogan, "Change we can believe in," Democrat Barack Obama won the 2008 election to become the 44th president of the United States. Obama, 47, is the first African-American to lead the nation. After his election, Obama quickly began selecting his cabinet, including asking New York Sen. Hillary Clinton, who he defeated to win the Democratic nomination, to be secretary of state.

THE TECHNOLOGY STUMP ◀

Campaigning style changed with Obama's use of the internet. Obama had about four million "friends" on Facebook and had collected about 10 million email addresses. He used texting to announce his vice presidential pick – Sen. Joe Biden of Delaware. His campaign website morphed into a transition website within 24 hours of his election.

MAVERICK RIDES OFF ◀

To win the election, Obama, a Democrat, beat Sen. John McCain, a Republican from Arizona. McCain's running mate was Alaska Gov. Sarah Palin, the first woman to run as a Republican vice presidential candidate.

LIVE FROM NEW YORK... ◀

Nobody took advantage of the election season more than the sketch comedy show *Saturday Night Live*, which brought back former cast member Tina Fey due to her resemblance to VP nominee Sarah Palin and rode Fey's impersonation to its highest ratings in years.

HISTORIC ELECTION ►

To win the Democratic nomination, Obama defeated New York Sen. Hillary Clinton, the former first lady and the person considered the front-runner of her party. The highly charged campaign included five other serious Democrat candidates. The Republican field was even bigger, with McCain coming from behind to best eight others to win his party's nomination.

DRAWING A CROWD ▼

People came to hear Obama speak during the campaign. His Democrat Party nomination acceptance speech was held at Invesco Stadium, about two miles from the convention center in Denver, to enable more than 70,000 people to attend. On election night, Obama held a victory rally in Grant Park, attended by 225,000 people.

BEEN THERE, DONE THAT

Jenna and Barbara Bush, the daughters and granddaughters of President George H.W. Bush and President George H. Bush, wrote a letter to Malia and Sasha Obama that included this advice:

- Get hugs from Ramsey, smiles from "Smiley" and talk football with Buddy, three of the White House ushers.
- Slide down the solarium banister.
- Have swimming parties.
- Get comfort from your pets.

PARTY HARDY ◀ ▼

Washington, D.C., was packed with more than two million people on Jan. 20 for the historic inauguration of the nation's first African-American president. Despite the cold weather and the need to huddle together, the crowds remained enthusiastic. Obama took the oath of office with his hand on the Bible used by President Abraham Lincoln during his first swearing-in ceremony.

SEEKING VOTES ▲

Candidates would do a lot of things on the campaign trail in pursuit of votes. Obama got winded playing basketball with the University of North Carolina's team. Mike Huckabee, a Republican candidate, played bass in his rock band Capitol Offense and even took a turn trying to rope a fake steer at the Fort Worth Stockyards.

VOTERS TURNED OUT ▲

In the general election, a record 127 million votes were cast, with about 31.7 million voting early for the first time in 30 states. However, as a percentage of voters, turnout was about 61%, versus the record of 67% in 1960. Long lines to vote, either early or on Nov. 4, were orderly. Lines were also orderly the next day as many people snatched up newspapers carrying the results.

POLITICIANS BUSTED ►

Illinois Gov. Rod Blagojevich faced federal corruption charges for allegedly trying to sell or trade Barack Obama's Illinois senate seat. U.S. Sen. Ted Stevens of Alaska was convicted of trying to conceal home renovations and other gifts from an oil industry contractor. And Detroit Mayor Kwame Kilpatrick pled guilty to obstruction of justice and resigned amid a sex scandal.

GRIM ECONOMY ▲

The faltering economy instilled fear worldwide. Americans felt the recession as home foreclosures, job layoffs and food prices increased. The stock market drop of 44% in the past year stripped college and retirement investments for many people. The federal government in October approved a \$700-billion bailout plan for the nation's financial system to try to get the economy moving. In February, President Obama signed a \$787-billion economic stimulus bill to pump more money into the economy.

WHO ARE YOU? ▲

The fight against insurgents continued in Iraq and Afghanistan. While violence decreased in Iraq, Defense Secretary Robert Gates revealed plans to send more U.S. troops to Afghanistan to battle the Taliban. Deployment of American troops meant tearful farewells and joyful homecomings. Sometimes, servicemen returned to meet new family members.

GREENING OF AMERICA ◀

Going green affected several aspects of daily life. Reusable shopping bags became a fashion statement. Buying locally produced food saved on gasoline and meant fresher tastes. And at home, more people began buying compact fluorescent light bulbs (CFL) as incandescent bulbs will be phased out in a few years. CFLs save energy and add a new shape to lighting fixtures.

MAKE IT TWO FOR TIM ▼

Quarterback Tim Tebow led the Florida Gators to their second college football national championship in three years, when they defeated Oklahoma in the BCS title game, 24-14. However, the championship did not come without debate. Several other teams – including Utah, Texas and USC – continued to question why there was no playoff system and staked their own claim to the crown.

GAS UP, GAS DOWN ▼

After a record high of \$4.11 per gallon on July 17, gasoline prices were down 60% to a five-year low of \$1.63 during the last week of December, according to the American Automobile Association. Prices began rising again in early 2009. Despite the lower prices, Americans continued to drive less.

BACK IN THE SPOTLIGHT ▲

The comeback of actor Robert Downey Jr. from a serious drug problem became complete this year when he landed the lead role in the hit movie *Iron Man*. Downey followed it up with another critically praised role in the comedy *Tropic Thunder*.

A MORE URGENT NEED ▲

Rising oil prices and continued climate changes made the search for alternative, renewable sources of energy a more prevalent topic of discussion. Solutions like wind farms, using large turbines, became more common.

WHO CAN YOU TRUST? ▲

Investors ranging from small charities to major international banks appeared to have lost about \$50 million in a fraudulent investment allegedly devised by a former chairman of the Nasdaq Stock Market. Bernard Madoff, 70, was charged with securities fraud in what might be one of the biggest fraud cases ever.

GAMES TO REMEMBER ▼ ►

American swimmer Michael Phelps made history at the Summer Olympics in Beijing, China, by becoming the first athlete ever to win eight gold medals at one Olympics. During his breathtaking week in the pool, seven of Phelps' eight victories were new world records.

But Phelps was not the only American making history at the Beijing games. Kobe Bryant led the men's basketball team, dubbed the "Redeem Team," to a gold medal and helped vindicate U.S. basketball after a poor showing four years ago. Nastia Liukin won the women's gymnastics all-around and tied the American record for most gymnastics medals at one Olympics with five.

Perhaps the fastest-rising star outside of Phelps' pool was Jamaica's Usain Bolt, who ran a 9.69 in the 100 meters to win the gold and shatter the previous world record.

Peanut paste is a product used widely in snack foods, leading to goodies such as crackers, cookies, nutrition bars and ice cream leaving store shelves. Most peanut butter brands were not affected.

TIME FOR A SWITCH ▼

Governments around the world, including the United States, continued the mandated switchover from analog television broadcasting to digital. In the U.S., an original February 2009 deadline was pushed back to June when Congress deemed that millions of people weren't ready. The switch to digital was being done to allow for more advanced services, like high-definition TV, and to free up radio spectrum bandwidth.

NEW NUMBER ONE ▲

Rafael Nadal finally completed his quest to replace Roger Federer as the number one tennis player in the world. The rivalry reached a new level at Wimbledon, where Nadal defeated Federer in a five-set, five-hour classic that some sportswriters called one of the greatest matches of all time. Six months later, Nadal did it again when he beat Federer in another five-set marathon to win the Australian Open.

CONTAMINATED FORMULA KILLS ◀

In China, several babies died and more than 12,000 were hospitalized after drinking baby formula contaminated with melamine. Melamine also was found in chocolate and other products exported from China to other countries, including the United States. The U.S. Food and Drug Administration began limiting imports of Chinese dairy products until they were free of melamine.

DNA SELF TEST ▼

Over-the-counter home DNA tests could now be found at the local drugstore. Kits and results could be purchased for as little as \$200, and all they required was a swab of saliva. However, debates raged on the accuracy of the tests, as well as the ethical concerns.

The Israeli offensive lasted 22 days.

EPIC WIN ◀

Despite playing on what was later found to be a torn knee ligament and a stress fracture in his left leg, Tiger Woods played through the pain and won his third U.S. Open title, defeating Rocco Mediate in a playoff. Afterwards, surgery on the leg forced Woods to miss the remainder of the season, the first extended absence of his pro career.

CREATIVE CLASSROOM FUNDRAISING ◀

Needing money to print tests, a California calculus teacher began selling ads on his quizzes, tests and exams. Tom Farber of Rancho Bernardo High School sold ad space on the bottom of the first page to parents and businesses. Parents and students enjoyed the ads, but Farber said he did not plan on using the fund-raising method permanently.

SULLY SAVES THE DAY ▲

An experienced pilot, Chesley "Sully" Sullenberger, was hailed a hero when he crash-landed his US Airways plane into the Hudson River in New York after the engines failed during the takeoff ascent. All 155 passengers and crew on board survived by escaping onto the wings, where ferries and U.S. Coast Guard boats rescued them. Birds were initially blamed for blowing the engines.

PHOENIX LANDING ▲

NASA's Phoenix spacecraft became the sixth vehicle to make a successful landing on Mars. Phoenix conducted more than five months of experiments before losing contact, more than expected, and discovered the presence of ice on the red planet.

STILL ON TOP ◀

Despite ratings being down slightly, American Idol was still the most watched show on TV, averaging more than 27 million viewers a week. David Cook was chosen the winner of the 7th season, and changes were made for the show's 8th season when producer Kara DioGuardi was added as a fourth judge.
